

INTERNATIONAL HEALEY WEEKEND  
WOODLAND GRANGE  
7<sup>TH</sup> TO 9<sup>TH</sup> JULY 2017

FROM  
WOODLAND GRANGE

TO  
BLENHEIM PALACE

Dear Austin Healey Club Members,

**Welcome** - to the Austin Healey Club UK International Healey Weekend 2017.

I have the great honour of welcoming you to this event as the Chairman of the Austin Healey Club in my first year of office. I would like to take this opportunity to thank Ian Foster and his helpers on your behalf for all their hard work putting this weekend together.

Over the years the club has changed in many ways, in no great part due to the increased values of the cars we love and drive. However, the one thing that has remained constant has been our fun-loving mentality and our enjoyment and friendship of being part of the Austin Healey Club. I believe this makes us stand apart from most other classic car clubs.

The action-packed itinerary of this year's event looks to revive those days of running around gymkhana fields and enjoying the great Austin Healey drives of the "Old" days. Remembering that we are all not as young as we once were, so comfy beds and soft armchairs replace camping and sitting on picnic chairs.

This weekend is informal and the only request we make is that you:-

**Enjoy yourselves, join in and have fun.**

Next year will be the 60<sup>th</sup> Anniversary of the Austin Healey Sprite and we will be looking to celebrate the birth of the "Frogeye" with a special event. There are currently committee & club members working on the details and when we have them finalised you will be the first to know.

It only leaves me to wish you all a happy weekend and thank you for coming.

*Anthony J Curran*

Anthony J Curran

Chairman Austin Healey Club

**PLEASE CHECK OUT AND VACATE YOUR ROOMS BY 12 NOON ON SUNDAY**

## MEMORIES OF PAST INTERNATIONAL HEALEY DAYS

The National Motor Museum at Beaulieu was the venue of the first Austin Healey Day on the 22<sup>nd</sup> July 1973. Born by an idea from David Hicks and progressed by the Eastern Centre Committee. 75 Healeys arrived at the gates of Beaulieu, the sun shone and many competed in the Gymkhana and Concours d'Elegance. It was the first of what has evolved into "International Healey Weekend".

The one day events continued and in 1978 the venue was Weston Park. The admission was £1 per head plus a charge for camping. During the late 70's and 80's camping was very popular at Club events and great fun was to be had in the evenings sat around the BBQ nattering about all things Healey or repairing our cars, many of which were not so pristine or reliable as they are today. Weston Park was my first Healey day, it was brilliant. I remember John Wheatly's Healey 100 winning the car of the day. The Thelma Segal Memorial Trophy introduced for the car with best aggregate from points gained in driving tests and 'concours', Donald Healey himself presented the prizes.

The first International Weekend was in 1979 at Knebworth House, a full programme of Driving tests, Gymkhana, Concours, planned drives, hotel accommodation and the usual great camp site. It was also the year our Frogeye 9364BP won the Donald Healey Trophy, the first Sprite to do so. The Concours was very well supported at these early events and at Kenworth each car was examined at a judging "station" and driven to the next judge. The judge drove the car to test everything was working and capable of being driven to the event.

Club members have enjoyed some wonderful times at the IHW events over the last 44 years but a few stand out in our memories. Highlights include blasting the Frogeye around Thruxton and Goodwood, being driven up Prescott Hill by championship winner Richard Mason in his 3000. The highly competitive Gymkhana Centre Competitions were great fun. At Ashton Court in 1980 the team had to push an engineless Sprite and drive under a tarpaulin, around a course, manually lift the front of the car and change the wheels. Our Welsh team were beaten into second place by a fit heavyweight crew from South Africa. IHW venues have included Cirencester, Stow School, Nostel Priory, Stafford Showground, Malvern, Wyboston Lakes and a very damp Brands Hatch to name but a few. The New Forest centre entertained us one year with their "War" dance around the camp fire brandishing, tomahawk fashion their copper hide mallets, how could we forget that.

IHW grew from just a nice Healey day for old car enthusiasts into the major type event we see today (for even older car enthusiast). Times have changed, cars have increased in value beyond anything we could have foreseen, people now are looking for top class facilities and professional standards of organisation, and home restoration of cars to a concours standard is now perhaps unusual.

The cars which attended the first Healey Day are almost half a century older but continue to provide fun with entertainment to their aged owners and the new club members who follow us. I am confident that IHW will continue to be the premier international meeting where we meet old friends, make new ones and thoroughly enjoy our Healey and Austin Healey Cars.

**With thanks to John Bowman for providing us with an insight into the good old days and Bob Kemp for providing the photographs.**

**ROOM 17** - CONTINUOUS VIDEOS ON AUSTIN HEALEY RACES AND VARIOUS PAST ACTIVITIES CAN BE VIEWED.

**ROOM 18** – THE CONTINUING SALE OF CLUB REGALIA BY CLUB ACCESSORIES AT REDUCED PRICES.

## INTERNATIONAL HEALEY WEEKEND TULIP RUN INSTRUCTIONS

- (1) Each significant junction or feature will be numbered in the Road Book. Adjacent to each description will be other route information boxes containing the relevant signpost directions for the intended route, road and place names, "Give Way" and other information. Please remember that not all of road junctions will be shown in the Road Book. An instruction will only be given if the intended route deviates from the road on which you are travelling. It is therefore important to use the total or interval mileages to ensure that you are at the correct junction.
- (2) Parking for the Windmill is immediately after the right turn and is only on the road pull off as far as possible off the road.
- (3) In checking the finalised route it was felt that on the return journey from Blenheim Palace it was possible to go wrong in the middle of "Shipston on Stour". The main road goes right and then left around the old Pump and covered market building.
- (4) For those of you not familiar with tulip diagrams. You arrive by the ball and leave by the arrow or you arrive by the bulb and leave by the petal.

## PLACES OF INTEREST ON ROUTE

- Junction 2** - The **Welsh Road**, also known as the **Welshman's Road** or the Bullock Road, was a drover's road running through the English Midlands, used for transporting cattle from North Wales to the markets in South East England. The age of the route is not known. Helmdon parish records show money being given in 1687 "to a poor Welshman who fell sick on his journey driving the beasts to London"
- Junction 6** - **The Fosse Way** is the oldest of the roads featured on this site. It runs from Exeter to Lincoln and was built in the middle of the 1<sup>st</sup> century AD. The word Fosse comes from the Latin word for ditch (Fossa) and is appropriate for this road. The Western boundary of Roman controlled Britain was protected by a ditch running between Exeter and Lincoln.
- Junction 10** - **Chesterton Windmill** is a 17<sup>th</sup> century cylindric stone tower windmill with an arched base, located outside the village of Chesterton. It is a Grade 1 listed building and a striking landmark in South –East Warwickshire.
- Junction 15** - **Brick Kilns** – In the latter part of the 18<sup>th</sup> century Thorney Hill had a thriving industry and fuel was required to keep the brick kilns going. The travellers camped in the forest would be employees to cut bundles of gorse and twigs for kindling. Coal and perhaps turf would then be used to keep constant heat.
- Junction 20** – **Tad Martin Heath** hill fort and holy fort. In the centre of the camp is a copious and ever flowing spring of pure water, called the Holy Well, which rises from the side of a steep mount near a lone farm house. The stream which would be sufficient to turn two overshot wheels down a dell to Lower Tadmarton village.

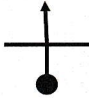

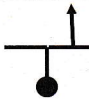

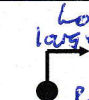

**With thanks to Peter and Joan Hickman in planning and organising the Saturday Road Run**

## **Additions to the Tulip Run on Saturday**

### **(1) Woodland Grange to Blenheim Palace**

- (a) 27.0 miles Junction 17 Page 2 - It is a cross road not a roundabout as shown.
- (b) 32.8 miles Junction 21 Page 2 - Take care the road has recently been resurfaced with gravel for 0.5 miles.
- (c) 40.4 miles Junction 28 Page 3 - Texaco petrol station
- (d) 47.0 miles Junction 29 Page 3 - Look out for the large gated entrance to Blenheim on the right hand side.

### **(2) Blenheim Palace to Woodland Grange**

- (a) 39.1 miles Junction 12 Page 1 - there is a roundabout between Junction 12 and Junction 13 which is not shown. It crosses over the B4453.

## **General Note for Petrol**

**The nearest petrol station is a BP garage 6 miles away, see Tulip map for the Woodland Grange to Avon Boat Yard Junction 6 Page 1**
